

REFLEX M1 PRO

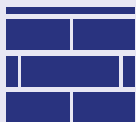

ADVANCED WATERPROOFING TECHNOLOGY

REFLEX M1 PRO

THE ONLY-COMPONENT MEMBRANE FOR ROOFS AND TERRACES

■ ADVANTAGES

Adhesion on membranes
bitumen, pvc, concrete,
metal, etc.

Wet on Wet
fast Rain Safe

Elasticity > 600%

Weather-resistant
(sun, wind, hail and snow)

■ QUICK APPLICATION

ROLLER

BRUSH

AIRLESS SPRAY GUN

SEAMLESS WATERPROOFING

- > APPLICABLE FROM +5°C TO +35°C
- > PERMEABLE TO WATER VAPOR

APPLICATION

surface preparation and construction details + application of specific primer as TDS

application of reflex system in two coats with non woven fabric + application of Aliphatic Top Coat

REFLEX M1 PRO – FROM QUICK MAINTENANCE TO COMPLETE PROTECTION:
A MODERN TECHNOLOGY ENGINEERED TO SIMPLIFY APPLICATION
AND MAXIMIZE DURABILITY.
BUILT FOR REAL-WORLD JOB SITES, IT DELIVERS RELIABLE PERFORMANCE
ACROSS MULTIPLE SCENARIOS AND CHANGING WEATHER CONDITIONS.
